

Approval of heat treatment facilities and ISPM 15-marking at Setra, Rolfs Såg

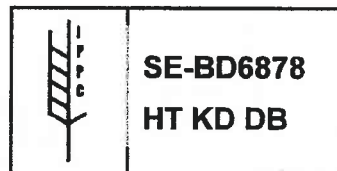

The Swedish Board of Agriculture approves the heat treatment facilities of Setra, Rolfs Såg, Kalix (org. nr. 556035-2196) for heat treatment by kiln drying of sawn wood, for heat treatment of wood packaging and authorizes the company to mark their products according to ISPM 15.

Marking of
sawn wood -
heat treated by
kiln drying

SE-BD6878

Marking of wood
packaging and sawn
wood intended for
wood packaging

The company's official registration number at the Board of Agriculture is SE-BD6878.

The conditions for approval are given in the Swedish Regulation (SJVFS 2004:53) on heat treatment, drying and marking of sawn wood products, wood packaging materials etc. This approval means that the company's heat treatment of wood packaging material fulfils the requirements of treatment and marking laid down in the FAO standard ISPM 15.

The approval has no time limit, but may be withdrawn if an inspection by the Board of Agriculture finds that the company no longer fulfils the requirements. If the approval is withdrawn, the above marking may no longer be used.

Swedish Regulation (SJVFS 2004:53) and more information about the Swedish wood packaging programme can be found at www.sjv.se/pps.
