

Approval of heat treatment facilities at Setra Skutskär

The Swedish Board of Agriculture approves the heat treatment facilities of Setra Skutskär, for heat treatment by kiln drying of sawn wood, and authorizes the company to mark their production of sawn wood with the following mark:

SE-C5591

The company's official registration number at the Board of Agriculture is SE-C5591.

The conditions for approval are given in the Swedish Regulation (SJVFS 2004:53) on heat treatment, drying and marking of sawn wood products, wood packaging materials etc. This approval means that the company's heat treatment of sawn wood fulfils the requirements of treatment and marking laid down in the FAO standard ISPM 15.

The approval has no time limit, but may be withdrawn if an inspection by the Board of Agriculture finds that the company no longer fulfils the requirements. If the approval is withdrawn, the above marking may no longer be used.

Swedish Regulation (SJVFS 2004:53) and more information about the Swedish wood packaging programme can be found at www.sjv.se/pps.
